RE: Permit Modification at the Request of Permittee Under 40 CFR § 270.42

KSD007246846

Dear Sir or Madame:

This letter will provide notification to you that the facility formerly known as Hydrocarbon Recyclers, Inc. of Wichita has changed its name to Laidlaw Environmental Services (Wichita), Inc. This informational change is being submitted to you to satisfy the above referenced regulation and 40 CFR § 270.13(b) which requires the name of the facility to be included on the Part A form. This name change has been made to identify the affiliation of all subsidiaries of Laidlaw Environmental Services, Inc. As you know the permittee once was a subsidiary of Union Pacific Corporation and became a subsidiary of Laidlaw Environmental Services, Inc., now Laidlaw Environmental Services (US), Inc. on December 31, 1994. You will note that this permittee's relationship to its parent corporation, Laidlaw Environmental Services (US), Inc. remains unchanged.

With the exception of this name change, no other change is underway concerning the physical plant, personnel or procedures. The permittee will continue to own and operate the facility. The financial assurances currently in place will remain in place for the foreseeable future. Should a change become necessary or desirable, a substitution of the existing mechanism by another allowed by regulation will be made.
